End-User (Patient) License Agreement for the Progalit Medical Software Product

1. General Provisions

This Agreement constitutes a public offer governing the relationship between "Programnyi Litolyz" LLC (hereinafter referred to as the "Company") and the User (Patient), who deliberately agrees to its terms by using the Progalit medical software product (hereinafter referred to as the "Application"). The User confirms that they have reviewed the terms of this Agreement, fully accept them, and provide their consent for the processing of personal data.

2. Subject of the Agreement

The Progalit Application is a semi-automated chat service designed to support medication treatment and monitor patient metrics. It facilitates communication between the patient and the physician, the exchange of messages and data, and the provision of information regarding the course of treatment.

3. Terms of Use

Personal Responsibility. Use of the Application is at your own discretion and risk. You bear full responsibility for the accuracy and timeliness of the data and metrics provided. The Application does not provide independent medical advice and is not a substitute for a physician's consultation. All recommendations and treatment adjustments are provided exclusively by your physician.

Confidentiality. Your personal and medical data will be stored on a server in encrypted form. Access to this data is restricted to you and your physician. The Company undertakes to ensure the protection of this data against unauthorized access.

Access Recovery. In the event of loss of your QR code, you may restore access to the Application by entering your email address on the login screen to receive a new code.

4. Rights and Obligations of the Patient

The Patient has the right and hereby undertakes to:

Deliberately provide consent for the use of the Progalit medical product.

Regularly submit required metrics, such as pH levels and water intake.

Provide additional metrics if activated by the physician (e.g., blood pressure, glucose levels, or pain levels).

Maintain a diary by providing information on diet, physical activity, sleep, and current weight.

Use the chat feature to communicate with the physician, submit complaints, or receive answers to questions.

Review primary information regarding the progress of treatment, achievements, and charts via the dashboard.

Receive reminders regarding medication intake, submission of metrics, or diary entries.

5. Disclaimer of Liability

The Company shall not be held liable for consequences arising from the incorrect use of the Application, the untimely or incomplete submission of data by you, or any complications related to your health. All information contained within the Application is strictly of an auxiliary nature.

6. Final Provisions

This Agreement enters into force upon your deliberate acceptance of its terms. If you do not agree with any provision of this Agreement, you must refrain from using the Application.
